NEP 2020 aims at revamping the Indian Education System. It has an agenda for Sustainable Development which seeks to 'ensure inclusive and equitable quality education and promote lifelong learning opportunities for all' by 2030. Such a lofty goal will require the entire education system to be reconfigured to support and foster learning.

In this context, we have taken up NEP 2020 as the theme of Kinshuk 2022-23. Hope this effort will provide an insight into the provisions of the policy.

Our Vision

Making education holistic and learning experiences joyful to attain the status of 'A Happy School'.

Our Mission

To equip children with life skills and assist them to develop the attributes of a good and contented human being.

At Subodh, we are committed to igniting curious minds and we take immense pleasure in declaring the successful execution of our goal year after year. We take pride in having created a legacy in the 19 years of our existence. Our mentors and the management of Subodh Shiksha Samiti deserve many congratulations and a heartfelt gratitude for their perpetual devotion towards this noble cause. The mentors lay the foundation of any educational institution, and we proudly proclaim having the strongest ones!

Albert Einstein once said that however hard you may try, you won't be able to teach a fish - how to climb trees. A good Educational Institution must take utmost care that a fish's swimming skills are honed and a cheetah's dexterity to leap is perfected.

Every child is born with certain distinguishing characteristic traits. At Subodh, our education caters to every child's innate qualities. We take pride in proclaiming that our teaching- learning processes perfectly serve the purpose. Our highly qualified, dedicated and trained mentors always understand and relate to the inherent abilities of their pupils.

Our well designed, fully developed and modern Infrastructure supports a conducive environment for learning. It also provides ample room for its students to study in proximity to nature, thus giving them time to enjoy the wonder and beauty of each moment.

During the teaching- learning processes, it's difficult to adhere to any predefined boundaries. Its scope can not be limited to the mere acquisition of academic skills. Academic excellence is no doubt the primary focus but it cannot be declared as the only aim. The ultimate goal is to produce global citizens who take pride in being Indians.

Dr. Rakesh Hirawat
Convenor

A very cordial welcome to the 2022-23 edition of 'KINSHUK'. It provides an insight into the journey of development and growth of Subodh Public School, Sanganer. Through this edition, as the leader of this acclaimed institution, I take pride in manifesting the achievements of the past session and at the same time proposing a vision for the forthcoming years.

We have inter-woven the NEP-2020 into our magazine to bring forth the present and future of our education system. This Policy proposes the revision and revamping of all aspects of the educational structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education while building upon India's traditions and value systems. It lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities- both the 'foundational capacities' of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving - but also social, ethical, and emotional capacities and dispositions.

At Subodh, we are committed to creating a future-ready generation and the leaders of a new era.

Ms. Sarika Gaur
Principal

Early Childhood Care and Education

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/1)

A National Curricular and Pedagogical Framework for Early Childhood Care and Education (NCPFECCE) for children up to the age of 8 will be developed by NCERT in two parts, namely, a sub-framework for 0-3 year-olds, and a sub-framework for 3-8 year-olds. The framework shall be aligned with the guidelines, the latest research on ECCE, and national and international best practices. In particular, the numerous rich local traditions of India developed over millennia in ECCE involving art, stories, poetry, games, songs, and more, will also be suitably incorporated. The framework will serve as a guide both for parents and for early childhood care and education institutions.

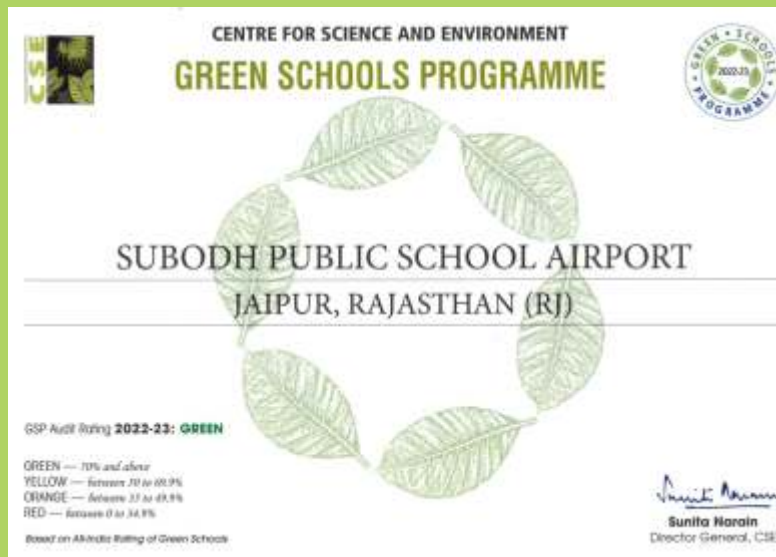

Accolades

Our School believes in acknowledging the remarkable achievements of its students. We leave no boulder unturned to make our scholars feel cherished about their distinguishing achievements. These little accomplishments of school time, pave the path for greater glories in the ensuing years.

Green School Award

ACCOLADES

The prestigious honour of being rated as 'The Green School' was conferred upon our School for the third consecutive year by the GSP Audit in an Award Ceremony on Tuesday, February 21, 2023, at New Delhi. It has been rated 'Green' under the Green School Programme organized by the Centre for Science and Environment (CSE).

The Green School Programme is based on the twin objectives of 'Learning by doing' and 'Making change work' to help schools to check the consumption of natural resources within their premises, and assess themselves as environment managers.

GSP coordinator, Ms. Shalini Kapoor (Vice-Principal) received a special '**GSP Air Action Award**' and certificate for Green School by Padma Shri, renowned environmentalist and Director General of CSE, Ms. Sunita Narain. This award was received on the basis of below mentioned grounds-

- No use of Diesel and Petrol
- Green area is 69%
- In 2021 25% of the population used non - polluting modes of travel. In 2022 it increased to 89%.
- 98% of the population uses sustainable and non - polluting modes of travel.
- 50% of energy consumption is met by solar energy.
- Energy Vehicles were bought and/hired by schools

These pointers in the Air Section of the GSP audit have brought laurels to the institution.

It is a matter of great pride and honour that our school is among the top 15% of the schools that submitted the audit this year, in which, the practices across all domains of the school- Air, Energy, Food, Land, Water and Wastes – were found sustainable and environment - friendly.

The efforts of **Team AIR-** Mr. Rohit Patni, Mr. Satish Sharma, **Team ENERGY-** Ms. Kavita Sharma, Ms. Neerja Sharma, **Team FOOD-** Ms. Kavita Vijay, Ms. Nidhi Ajmera, **Team LAND-** Mr. Nand Kishor Swarnkar, Ms. Preeti Rastogi, **Team WATER-** Ms. Swechha Yadav, Ms. Kriti Yadav and **Team WASTE-** Ms. Mamta Sharma, Ms. Reena Sharma have been commendable.

Launching of CBSE Skill Manuals

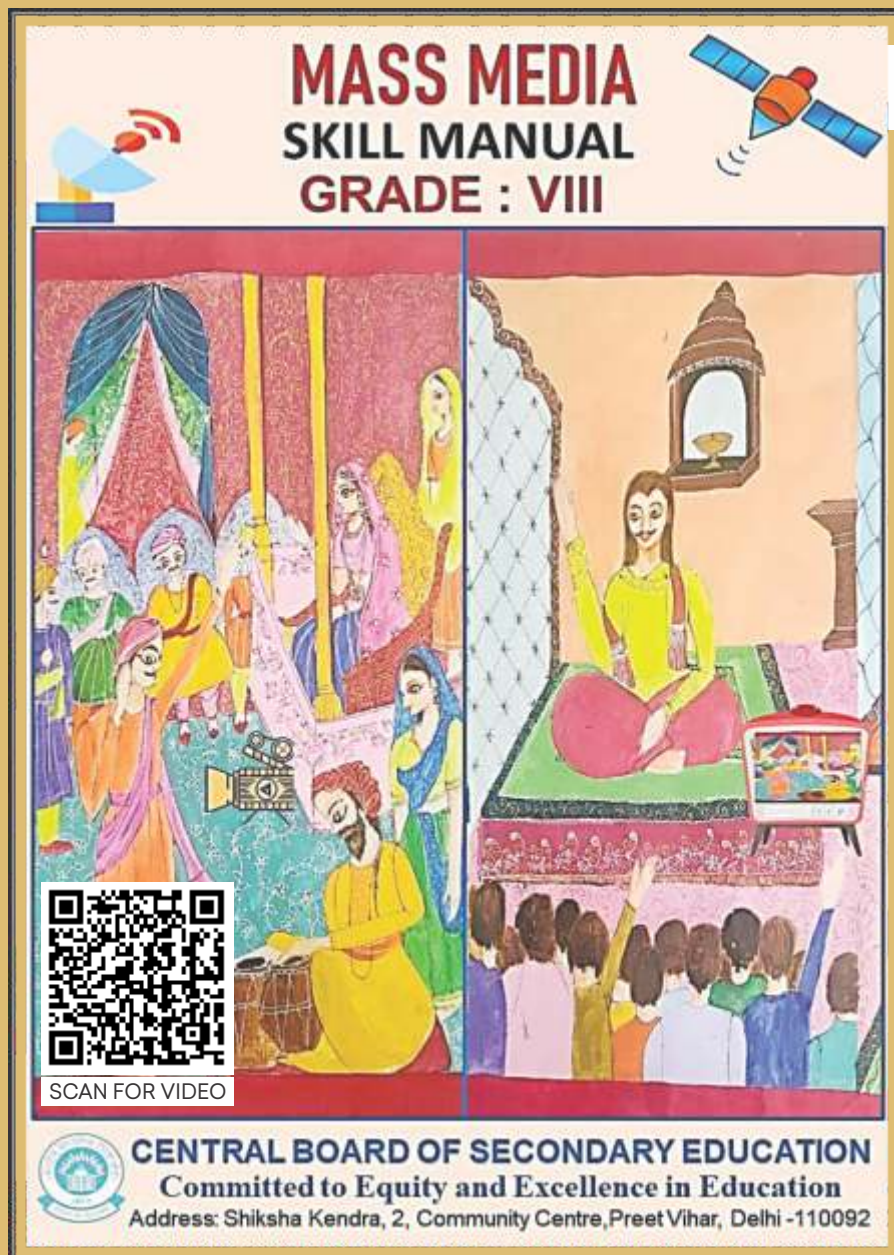

We have prepared CBSE Skill Manuals on the topics, Blue Pottery for class VI & Mass Media for class VIII. These manuals were launched on the first day of the 28th National Annual Conference of Sahodaya School Complexes-2022.

Ms. Sarika Gaur, Principal and Ms. Shilpi Sharma, DSA attended this conference on November 18-19, 2022 in Vadodara, Gujarat.

Mass Media Manual- An Enriching Journey

To keep pace with the objective of NEP-2020 i.e. promoting skill education, a skill manual on Mass Media Studies has been initiated by CBSE. It was a moment of pride for us that our school got the opportunity to prepare this manual for CBSE. We attended four to five workshops taken by Mr. Sandeep Sethi, Coordinator, Princess Diya Kumari Foundation, who guided us at every step to achieve our goal.

In today's world, children are constantly bombarded with a variety of media interfaces. They are striving to understand the nuances of the various forms of media and the ever-changing landscapes of mass communication. They need to be both wise consumers and responsible creators of media messages. Through the various chapters of this book, children will be introduced to the concept of media literacy and understand why it is important in today's time.

Beauty in Blue - Passing on a Legacy

It was a moment of tremendous joy for us when we were asked to thread our experience into words. It started from the table of the Principal's Chamber and emerged as a Golden Apple in the form of the CBSE Skill Manual – Blue Pottery for class VI. We were trained for three days at Neerja International Inc. where Ms. Leela Bordia shared her experiences and gave us a chance to pen down the legacy of Jaipur's Blue Pottery by observing each and every step involved in manufacturing of these exquisite pieces of art.

We never thought that we would be able to handle such a big responsibility but the Principal's trust motivated us and helped us to acquire success.

We have incorporated simple and pictographic techniques to meet the understanding level of the students and we believe that this colourful ride of knowledge will give students a much needed exposure to the rich artistic treasures of India.

My creativity was nurtured and groomed at school. Initially, I began my journey with acting in theater and soon realized the power of storytelling. During my time in Mumbai, I learned the basics of Film Making through workshops and internships with production houses. I decided to return to my hometown to start my own production house 'Stupid High Arts'. I have directed more than 50 music videos, 10 short films, and a mini-web series ("No Offence") that was highly appreciated in the local circuit. My recent short films 'Metro' and 'Shikayat' got a major OTT release on Disney+Hotstar that got rave reviews from critics as well. I continue to push boundaries in story-telling through my cinematic visual style and want my regional industry to flourish so that local artists can find work without depending on bigger cities.

I joined Subodh way back in 2007 and from then to now Subodh has been like a family. After passing 12th I completed my Chartered Accountancy course and also my Bachelors of Commerce from Commerce College, Jaipur. Presently I am a practising Chartered Accountant based in Jaipur.

The confidence developed during school days helped me in becoming Convenor, Co-Convenor, Coordinator, Volunteer etc in various National events of ICAI Jaipur which also includes my role as Team Leader in a LIMCA BOOK event named CAFY.

I have also published my writings on various platforms & co-authored 3 anthologies. I strongly believe in participating in philanthropic activities and our NGO got the Jaipur Ratna Award for social service twice in a row.

I joined Subodh Public School in 2009, in Class 9th. The 4 years spent here have been significantly important in my overall growth, both academically as well as in terms of soft skills development.

I graduated in B. Tech. (Chemical Engineering) from IIT (BHU) Varanasi. The skills developed in the school time helped me to participate in all activities of the college. I have held various positions of responsibility in the organising teams of the institute and department level fests, which further aided my organisation and management skills.

Currently, I am working at Omni Ice Creams, a family business, where I look after all the aspects of an FMCG (Food) manufacturing industry, right from procurement to production, marketing, and sales. One can never deny the role of school life in making us what we are today.

Every passion begins with the things that surround you and same was the case with me. Since childhood I was always surrounded by airplanes and they got ingrained in me. Airplanes always fascinated me. I was always curious about how that big machine flies in the sky. Every day I learned something new about it and worked hard to get to the right side seat of that big machine.

During preparations for Engineering examinations, I realised that I didn't have the knack for these exams and rather wanted to study business because it always excited me and I found it to be quite practical. The same reason led me to choose Chartered Accountancy. I qualified all the levels in my maiden attempts and I worked with Grant Thornton, one of the top accounting firms globally in their Insolvency Practice. I went to join Reliance Retail at their Bombay division in their Indirect Taxation practice. Currently I'm involved in my family business of import and manufacture of Kitchen & Home Hardware and I am also pursuing further education.

I am a pass out of 2017-18 batch and a member of Subodh alumni Association ever since. I earned a lot of fame in and out the school as a good cricketer. During school days I didn't even think that my passion for cricket will become my profession and will establish me like a scintillating star in the world of cricket. Today, I am a professional cricketer playing for Rajasthan in domestic circuit. I have represented under 19 BCCI trophies, played for North Shore cricket club, New Zealand and Middlesex in London. Presently I am in Australia representing my team in MPCA League under cricket Victoria.

Through this journey of mine I have been bestowed with the laurels as under

IPL NET BOWLER (2019 - 2020)

Net bowler for team Rajasthan Royals in Jaipur

YOUTH PLAYER OF THE YEAR (2016 - 2017)

36 wickets in 6 matches including 2 hat ricks.

I am currently working as a commercial controller in the CSR department of Vedanta Resources.

I believe my strong foundation, as laid during my school years made me stand out of the crowd.

Following my passion without compromising my studies was the most significant skill I learned at Subodh.

It was difficult for me to be a student who is just occupied with studies. I've always kept myself engaged in extra-curriculars to sharpen my mind and groom my personality.

In the journey of becoming a CMA I've had lots of ups and downs but the best part was that my dedication and academics helped me clear all my levels in one go. I was placed through the very first and the only interview of my campus placements in the company I desired.

What helped me even more was what I learned in my life as a model.

The confidence to showcase my self, the skill to communicate with precision and the charm to influence the world was a gift for my modelling career.

Everything you do and everything you learn will help you someday to become what you want to become.

The 13 years of my life in Subodh were the most memorable days. I learnt a lot in my academics and excelled in extracurricular activities.

Though I made mistakes sometimes, my teachers and friends were there for me and always motivated me to bring the best out of me.

Today I'm a student at the institute of national importance, AIIMS Nagpur, a dream college for many. I express my heartfelt gratitude to the Subodh family for providing me with the perfect opportunity to explore myself.

Reminiscing about my first day at Subodh; I was extremely excited but at the same time extremely nervous. Reflecting back on the whole experience now, I would encourage the incoming students to recognize that, like everything else in life, you'll face both ups and downs throughout your journey of learning in this prestigious school. The most important thing to remember is to always try to do your best and not let the instances where one may have fallen short hold you back from continuing to work hard and reach your full potential. Speaking more specifically about me as Lieutenant Dr. Ayushi Sharma to the next generation students of Subodh:

"You can't paint the picture of your life with your hands in your pocket. So remember to take risks to grow yourself further. The opportunities are ample. Seize them."

Foundational Literacy and Numeracy

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/2)

Attaining foundational literacy and numeracy for all children is an urgent national mission, with immediate measures to be taken on many fronts and with clear goals that will be attained in the short term (including that every student will attain foundational literacy and numeracy by Grade 3). The highest priority of the education system will be to achieve universal foundational literacy and numeracy in primary school by 2025. The rest of this Policy will become relevant for our students only if this most basic learning requirement (i.e., reading, writing, and arithmetic at the foundational level) is first achieved. To this end, a National Mission on Foundational Literacy and Numeracy will be set up by the Ministry of Human Resource Development (MHRD) on priority. Accordingly, all State/UT governments will immediately prepare an implementation plan for attaining universal foundational literacy and numeracy in all primary schools, identifying stage-wise targets and goals to be achieved by 2025, and closely tracking and monitoring progress of the same.

Annual Award Ceremony

December 24, 2022

Our School observed the Annual Award Ceremony on Saturday, December 24, 2022. Chief Guest, Mr. Promod Chand Mehnot Ji, President Sh. Jain Shrivak Sangh Jaipur Branch, graced the occasion with his benign presence. School Convener, Dr. Rakesh Hirawat Ji also joined the ceremony. Parents of award winners were also invited. The ceremony commenced with Group song rendition. Madam Principal Ms. Sarika Gaur presented the Progress Report of session 2022 – 23. Then, it was time to applaud and reward the students for their sincere efforts during the academic session. The school honoured all its achievers for having attained a sterling record both in scholastic and co-scholastic domains. Therefore, it wasn't only Academic Excellence that was appreciated but also the co-curricular talent. House Trophies, Club Award, Entrepreneur Team Award, Special Awards: Best in Cultural, Best in Sports and All Rounder were bestowed upon deserving students.

On this memorable day, an inspiring speech was delivered by honourable Chief Guest Mr. Promod Chand Mehnot Ji, in which he motivated the winners to go ahead to achieve their heart's desire- whatever they may be. He went on to remind them to uphold the values that are such an integral part of the institution. Respected Convener Sir, Dr. Rakesh Hirawat, extended a heartfelt vote of thanks to the Parents, the School Staff and the Students for their substantial efforts towards a praiseworthy performance. He wished them to come through with flying colours in their future endeavours too.

It was indeed a proud moment not only for the recipients of the awards but also for their parents who had been invited to witness the glory of their ward's success. The function ended with the National Anthem.

Awards and accolades are pivotal in a student's life. They are a way to encourage good behaviour and inculcate a healthy competitive spirit.

Success, when appreciated, turns into motivation which fuels the zeal and enthusiasm to learn new things. Adorning students with awards and certificates make them and their work stand out, which again motivates and inspires other students to work harder.

Annual Award Ceremony has always been a grand celebration day for the school and its students. If one has the desire to succeed, one surely will.

Our institution has always provided its students with a healthy and fairly competitive environment:

- To help them grow in every sphere of activity.
- To exhibit such qualities that will not only help them in achieving their goals but also bring the glory to our school.
- To provide a platform so that they realize their true potential and get ready to face the outer world once they complete their school studies.

colours of life.....

When a rainbow appears after a thunderstorm, it signals the end of a chaotic period and the beginning of a new chapter. Its beautiful burst of colours is surely breath taking, exuding an air of mystery as it magically shows up on the horizon, invoking all to pause and admire its beauty. A rainbow is made up of several colours. While each colour is unique, all seven colours, work together to create a beautiful whole.

To give a platform to our children to feel and enjoy the variety of colours that life has to offer, Subodh Public School, Sanganer organized a three day Inter School Event- 'Indradhanush' for classes Nursery – XII.

Events were categorized into Seven Competitive genres for classes VI to XII (Planter Designing, On Spot Photography, Song Rendition, Radio Jockey, Folk Dance, Pin Board Designing and School Magazine Cover page Designing) and three Non-Competitive events for classes Nursery – V (Group Dance, Fun and Frolic Races and Fancy Dress). Approx. 400 students from 18 CBSE Schools participated enthusiastically in all the events.

Event-8
Group Dance

Theme - Colours of Joy

Cuteness Overloaded

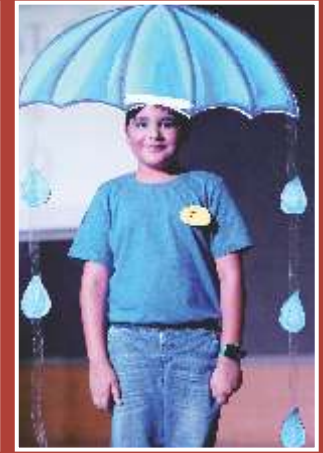

The third day of the Indradhanush event was a day filled with merriment. The day consisted of non-competitive events for classes Nursery to V. The most wonderful aspect of the final day was our guest of honour- Ms. Sejjal Raj, who other than being a proud alumna of 2018 batch, is the Jaipur head of the Antraski Official (a National Influential Marketing Organisation).

The day's activities commenced with the Group Dance. Participants from seven eminent schools of Jaipur fervently made this event a grand and colourful affair. The young participants of Nursery to Prep Classes, clad in smart western and comfy outfits, depicting colours of the rainbow, left the audience spell-bound. The event aimed at developing the skills of teamwork, discipline and coordination amongst the little peers.

Event-9 Fancy Dress

Theme – Colours of Joy

The second event of the day targeted at spreading the colours of joy through a Fun and Frolic race for participants from grades I to III of twelve schools of Jaipur. The participants ran the 50 meters race holding and wearing some props. It tested their skills of goal setting and handling failure.

The mega event concluded with a Fancy Dress for grades IV- V. Twelve Schools of Jaipur participated by selecting one dominant base colour and then dressing up like one object of that colour. They also delivered a line or two related to how that object gives happiness or was useful to others. The event targeted at imparting empathy and developing the creative thinking of the participants. The three-day-long mega celebrations concluded with a vote of thanks delivered by Madam Principal Ms. Sarika Gaur. She extended her heartfelt gratitude to all- the guests of honour, esteemed judges and most importantly the participants, who toiled hard to make the event a huge success.

Inter-School Competition (As participants)

Inter School competitions provide a platform to budding talents to showcase their skills in the contemporary world. In fact, it is quite unlikely that one would come across a reputed school which does not arrange or participate in such competitions. From art and culture-based competitions like painting and music to agility based competitions like track and field games, the interschool competitions are diverse. They help students to recognize their skills. Of late, these interschool competitions have become an integral part of a child's education. They provide the children multi-faceted benefits like Teamwork, Healthy Competition, Social Skills, mental stimulation, career awareness, innovative ideas and strategies and train them to handle pressure effectively.

Hunar Haat

“Hunar Haat - Swavlamban,” a skill fair was organized in the school premises on August 20, 2022 to promote Self Reliance and Vocal for Local Campaign of the Government of India under Azadi ka Amrit Mahotsav where students learned various skills such as product development, promotion, organization and financial literacy.

In this activity, the Entrepreneurship students showcased their creativity and applied various marketing mix components practically. As per their interest they chose one product or service and applied the 4 P's of marketing namely, product, price, promotion, and physical evidence to the product. Students gave a name to their product, designed its logo, and also took care of its tagline, packaging, labeling, and price. Moreover, they also used their creative skills in preparing a promotional strategy for their product. Students exhibited their creativity, innovation and presented their products for sale where they were themselves responsible for revenue generation and purchase of raw material which developed a sense of responsibility among students.

The event was organized during the Parent Teachers Meeting to enable the students to showcase and sell their self-made innovative products.

Curtailing Dropout Rates

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/3)

One of the primary goals of the schooling system must be to ensure that children are enrolled in and are attending school. Through initiatives such as the Sarva Shiksha Abhiyan (now the Samagra Shiksha) and the Right to Education Act, India has made remarkable strides in recent years in attaining near-universal enrolment in elementary education. However, the data for later grades indicates some serious issues in retaining children in the schooling system.

The Gross Enrolment Ratio for Grades 6-8 was 90.9%, while for Grades 9-10 and 11-12 it was only 79.3% and 56.5%, respectively - indicating that a significant proportion of enrolled students drop out after Grade 5 and especially after Grade 8. As per the 75th round household survey by NSSO in 2017-18, the number of out of school children in the age group of 6 to 17 years is 3.22 crore. It will be a top priority to bring these children back into the educational fold as early as possible, and to prevent further students from dropping out, with a goal to achieve 100% Gross Enrolment Ratio in preschool to secondary level by 2030. A concerted national effort will be made to ensure universal access and afford opportunity to all children of the country to obtain quality holistic education—including vocational education - from pre-school to Grade 12.

World Health Day

April 07, 2022

OUR PLANET, OUR HEALTH

Team SUBODH always takes initiatives to promote and spread awareness about all important and sensitive issues. For one such issue of significance, an orientation session was organized. The topic was: Adolescence growth and development and its implications on health. Other activities like show card making and button/ badge designing were also conducted. The activities were organized for the students of classes IX and X.

The students actively learned from the session and gained valuable information. Their enthusiastic involvement in the event was highly appreciated.

World Heritage Day

April 18, 2022

Heritage is the cornerstone of our culture. It plays an important role in our politics, society, business and world view. So, to make students aware about our heritage, a Heritage Walk to Albert Hall Museum was organized for the students of Human Rights Club and Cover Page Designing activity was also conducted for the students of classes IX and X.

Earth Day

April 22, 2022

Earth Day Celebration on the theme 'GROOM THE EARTH' was organized for the students of classes VI - VIII on Friday, April 22, 2022. Students were allowed to think creatively and showcase their awareness of the Earth's well-being. Planting of bird feeders with the theme 'High in Sky'; poster making with the theme 'Be Aware, Make Aware'; creating and signing a message with the theme 'Signature Campaign' were some of the activities conducted. Around 100 students participated in the activities. It was an amazing and rewarding experience for the children.

Red Day

Our school focuses on laying down a sound foundation to build up a strong character and to foster resilient and responsible citizens for tomorrow. In a bid to do so, our Pre-Primary wing has a 'Cocomelon Club' which undertakes various activities of the tiny tots throughout the year. Its activities initiated with **World Health Day**, in which the little chefs brought in their tiffins filled with different hued fruits and created colourful and creative salads and dressings out of it.

On **EARTH DAY** kids showcased models as props and spoke a few lines on 'Save Environment.'

Little angels celebrated the **MOTHER'S DAY** by preparing cards for their mother.

As **RAKHI CELEBRATION**, the tiny hands were guided by their mentors to make impressive rakhis which they tied to each other.

KRISHNA JANMASHTMI was celebrated with great zeal. The beautifully decked up Radhas and Krishnas of Prep Class mesmerised the audience by their presentation. For the little Subodians, September 22, 2022, was a day filled with love and compassion as they celebrated it as '**THE RED DAY**'. Highlighting the remarkable day, the students and teachers were attired in red dress and embellished class as per the theme.

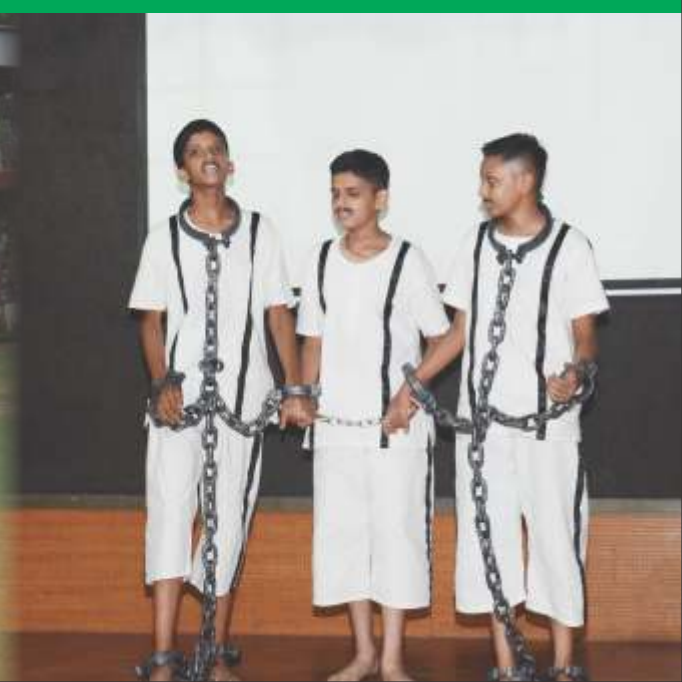

NAVRATRI DANDIYA : The students came in traditional attire. The nimble feet came together in a circle and played 'Dandiya' passionately. Our little stars rejoiced the **HALLOWEEN DAY**. They exuberantly participated in the adornment of their class rooms and formulated Halloween themed crafts.

CHILDREN'S DAY, was an eventful day for little ones. They were escorted by their teachers to 'Swapanlok Resort'. **YELLOW DAY** was celebrated to mark the Basant Panchami Celebration. The students gleamed in their yellow accouter, brought yellow food in their tiffins and sung hymns in praise of goddess Saraswati.

Curriculum and Pedagogy in Schools

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/4)

The curricular and pedagogical structure of school education will be reconfigured to make it responsive and relevant to the developmental needs and interests of learners at different stages of their development, corresponding to the age ranges of 3-8, 8-11, 11-14, and 14-18 years, respectively. The curricular and pedagogical structure and the curricular framework for school education will therefore be guided by a 5+3+3+4 design, consisting of the Foundational Stage (in two parts, that is, 3 years of Anganwadi / pre-school + 2 years in primary school in Grades 1-2; both together covering ages 3-8), Preparatory Stage (Grades 3-5, covering ages 8-11), Middle Stage (Grades 6-8, covering ages 11-14), and Secondary Stage (Grades 9-12 in two phases, i.e., 9 and 10 in the first and 11 and 12 in the second, covering ages 14-18).

Scouts / Guides II-III Sopan Camp

The Scout/Guide II-III Sopan Camp was held at VSPK International School, from November 1 to November 5, 2022. The camp started at 9:30 am with Scout/Guide flag hoisting ceremony and flag song followed by 'Daya Kar Daan Bhakti Ka' prayer. After this the camp formally started. The students were divided into groups of 10 each for classes and activities. The students learned to sing new patriotic and entertaining songs while participating in various sports activities including 'Pioneering', how to light a fire, knowledge of compass, first aid, good manners, estimating altitude etc. On the last day of the program 'Sarvadharm Prarthana Sabha' as well as 'Campfire' with cultural program were organized. During this, the Scouts and Guides of our school presented a short drama 'Beti Bachao, Beti Padhao' related to social awareness. During the camp the students were taken for a trip to Akshayapatra Temple where the students witnessed the automatic kitchen in action.

VALUE INCULCATION

There is an essential need and importance of value education in school children, especially during post-pandemic times when children remained in a vacuum of learning and were even exposed to faulty sources of learning too. Thus, looking into the present need for behavioural and moral development through inculcating values, a series of orientation sessions are being organized on "Value Inculcation" for all classes on different schedules. One such session was organized on Thursday, August 04, 2022.

The session was taken up by Madam Principal, Ms. Sarika Gaur and School Counsellor Dr. Preeti Jain. Underlying areas related to behavioural and moral issues were analyzed prior to the session and then these were included to counsel students.

CBSE EXAMINATIONS

An Orientation session for students of Classes X and XII (session 2022-23) was organized on Wednesday, February 8, 2023 with the aim to discuss Board Guidelines towards upcoming CBSE examinations.

The session was conducted by Mr. Deepak Agrawal, the vice principal of the school. He guided the students to be confident for their approaching Board Exams. He reiterated the importance of a stable mind, poised disposition and positive approach towards the exams.

He also conveyed Best Wishes for the forthcoming board examination.

GOOD TOUCH BAD TOUCH

It's almost impossible for parents to keep their children under constant monitoring for their safety. While at school, at a friend's house, or with a relative, the knowledge of good and bad touch can help them in various ways. Thus, it is essential for kids to know about good and bad touch and what are various safety rules to follow.

Highlighting the significance of this issue, an Orientation Session was organized on "GOOD TOUCH BAD TOUCH" in association with the SPARSH Campaign on Saturday, August 06, 2022, for the children of classes III to V. The key speakers for the session were Mr. Vikram Singh Raghav (UNICEF consultant on sustainable development goals with the Department of Plan and Department of Panchayati Raj) and Ms. Kala Dhameja (Volunteer SPARSH campaign).

CAREER GUIDANCE

Guidance helps students fulfill their aspirations by setting up realistic goals. Right career choice determines the students' future by providing them with their dream job and satisfaction.

For this objective a career guidance and awareness seminar was organised for the students of class IX & XI at school's auditorium on Tuesday, January 10, 2023 in association with the Institute of Chartered Accountants of India (ICAI), Jaipur Chapter and Alumni Association of Subodh Public School (AAS).

CA. Pawan Bhatia as the key note speaker mentioned the importance of communication skills and information gathering. His detailing and process about the Chartered Accountant as a career opened the minds of young learners and cleared the myths associated with the course.

STAFF CONNECT

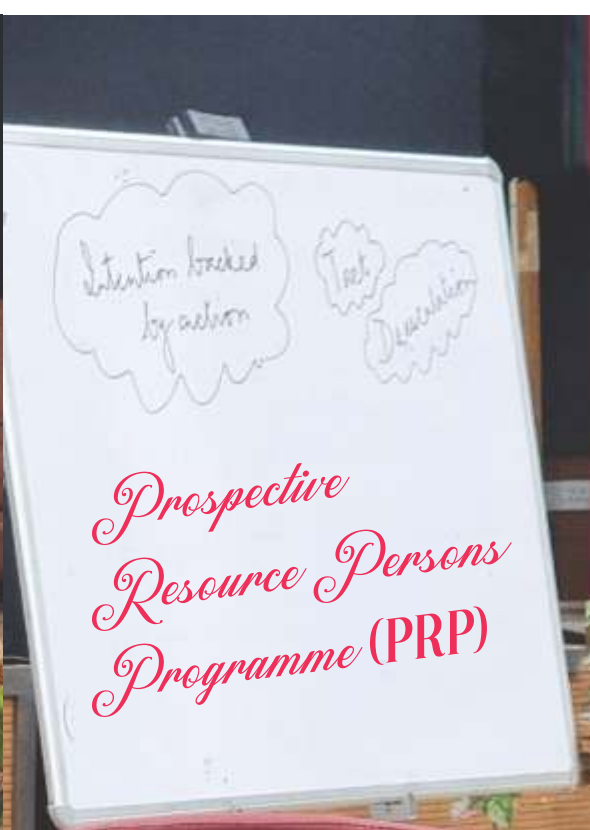

PARENT CONNECT

Staff Meetings maximise the potential and contribution at work and help to manage changes in challenging time. They accelerate the personal and professional development. Such regular interactions offer the opportunity to staff to talk about their ideas and share their creative inputs. This partnership in school governance keeps them motivated.

Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents. And at our school we take delight in trumpeting a very close knit network between all three stakeholders through frequent 'Parent Teacher's Meetings' at regular intervals.

A one day CBSE Prospective Resource Persons Programme on Stress Management was held at Subodh Public School on Friday, November 25, 2022.

The resource persons for the training were Ms. Priyanka Bhatkoti, Principal and Ms. Dipika Sharma, Headmistress from Maxford School Dwarka, New Delhi.

49 participants from different CBSE schools of India attended the training.

The aim of the training was to develop self awareness, problem solving skills, decision making skills, building and enhancing interpersonal relationships and empathy amongst others.

Participants were made to realize the importance of stress management skills and also to manage emotions and cope up with stress.

Ms. Sarika Gaur, Principal, thanked the Resource persons and all the participants for their efforts to make the program a successful event.

Teachers

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/5)

Teachers truly shape the future of our children - and, therefore, the future of our nation. It is because of this noblest role that the teacher in India was the most respected member of society. Only the very best and most learned became teachers. Society gave teachers, or gurus, what they needed to pass on their knowledge, skills, and ethics optimally to students. The quality of teacher education, recruitment, deployment, service conditions, and empowerment of teachers is not where it should be, and consequently the quality and motivation of teachers does not reach the desired standards.

The high respect for teachers and the high status of the teaching profession must be restored so as to inspire the best to enter the teaching profession. The motivation and empowerment of teachers is required to ensure the best possible future for our children and our nation.

Trips & Tours

Science Exhibition

CBSE's Regional level science Exhibition 2022 was held at Saint Soldier Public School, Pratap Nagar. Approximately 69 Projects were selected in the senior category for classes IX-XII and 45 projects were displayed in the junior category for classes VI to VIII.

Two teams represented our school:

Team-1

1. Gauri Kaushik (IX D)
2. Vinay Garg (IX D)

Team-2

1. Lobanshu Jha Kanaria (IX E)
2. Yukti Binani (IX F)

Career Fest

Students visited career fare Career Fest organised by Subodh Public School, Rambagh on November 29, 2022 in collaboration with A9 Education Solution. This helped the students to know various career options available for them to make well informed choices.

Visit to Jawahar Kala Kendra

A Visit to Jawahar Kala Kendra was conducted for the students of grade VII to X. They witnessed the Panchtantra Book Exhibition. Ms. Joshi enthusiastically guided the students about the Panchtantra tales. She enlightened them about the various moral lessons depicted through these books and the exhibition.

JECRC : ISRO Exhibition

The ISRO Exhibition-2022 was held at JECRC University on 30 November, 2022. 55 students from class XII Science Stream witnessed the event. Four of them participated in National Quiz Competition conducted there by ISRO.

A platform for all students to perform their skills with various activities, like live launch of Water Rocket etc., were the centre of attraction for all onlookers.

Jaipur Literature Festival

The Jaipur Literature festival is seen as one of the most popular confluence of worldwide authors and thinkers and the sixteenth edition of the JLF was held from 19 to 23 January 2023 at Clarks Amer.

The sessions and the conversations were interesting and indeed eye opening. Specially The Million Missions report, launched in the 75th year of India's Independence, which measured the contribution of the Indian Non Profit sector. The report was dedicated to India's estimated 3 million charitable and non profit organizations and examined their contributions, good practices and innovations that have evolved over the years.

Another session was on Amit Choudhury's latest work-Sojourn in conversation with Janice Periat. The most enjoyable session was that of Gaur Gopal Dasji who gave an amazing insight on how to energize one's life and be the best version of ourselves. Listening to how he decided to quit his job as an electrical engineer to become a monk and chose a road less travelled by, inspired us to follow our passion, to pay attention to our inner calling to wherever we find satisfaction.

The entire festival left an indelible imprint on the susceptible young minds.

Picnic
August 23, 2022

A perfect way to relax and enjoy nature.

The School- Picnic is a short but lovely experience! It transits the teachers and students into a world of fun that can never be created within the four walls of the classroom. This year, our school planned a trip to Swapan Lok resort. The best part was that we got a chance to see the sweet and lovely side of our otherwise strict teachers.

Entering the resort, first we went to the pool. We enjoyed the rain dance a lot. We were so busy dancing that we didn't realize how our pool time passed. Then, we indulged in some amazing adventure sports. After that, we relished our lunch. The time passed with the wink of the eye. None of us wanted to come back.

Special Thanks to our respected Principal mam and all other Teachers for planning and organising this trip.

Thank You

Experience

After two complete years of the pandemic, having initiated such an enjoyable picnic with friends and teachers proved to be a great stress buster and recreation.

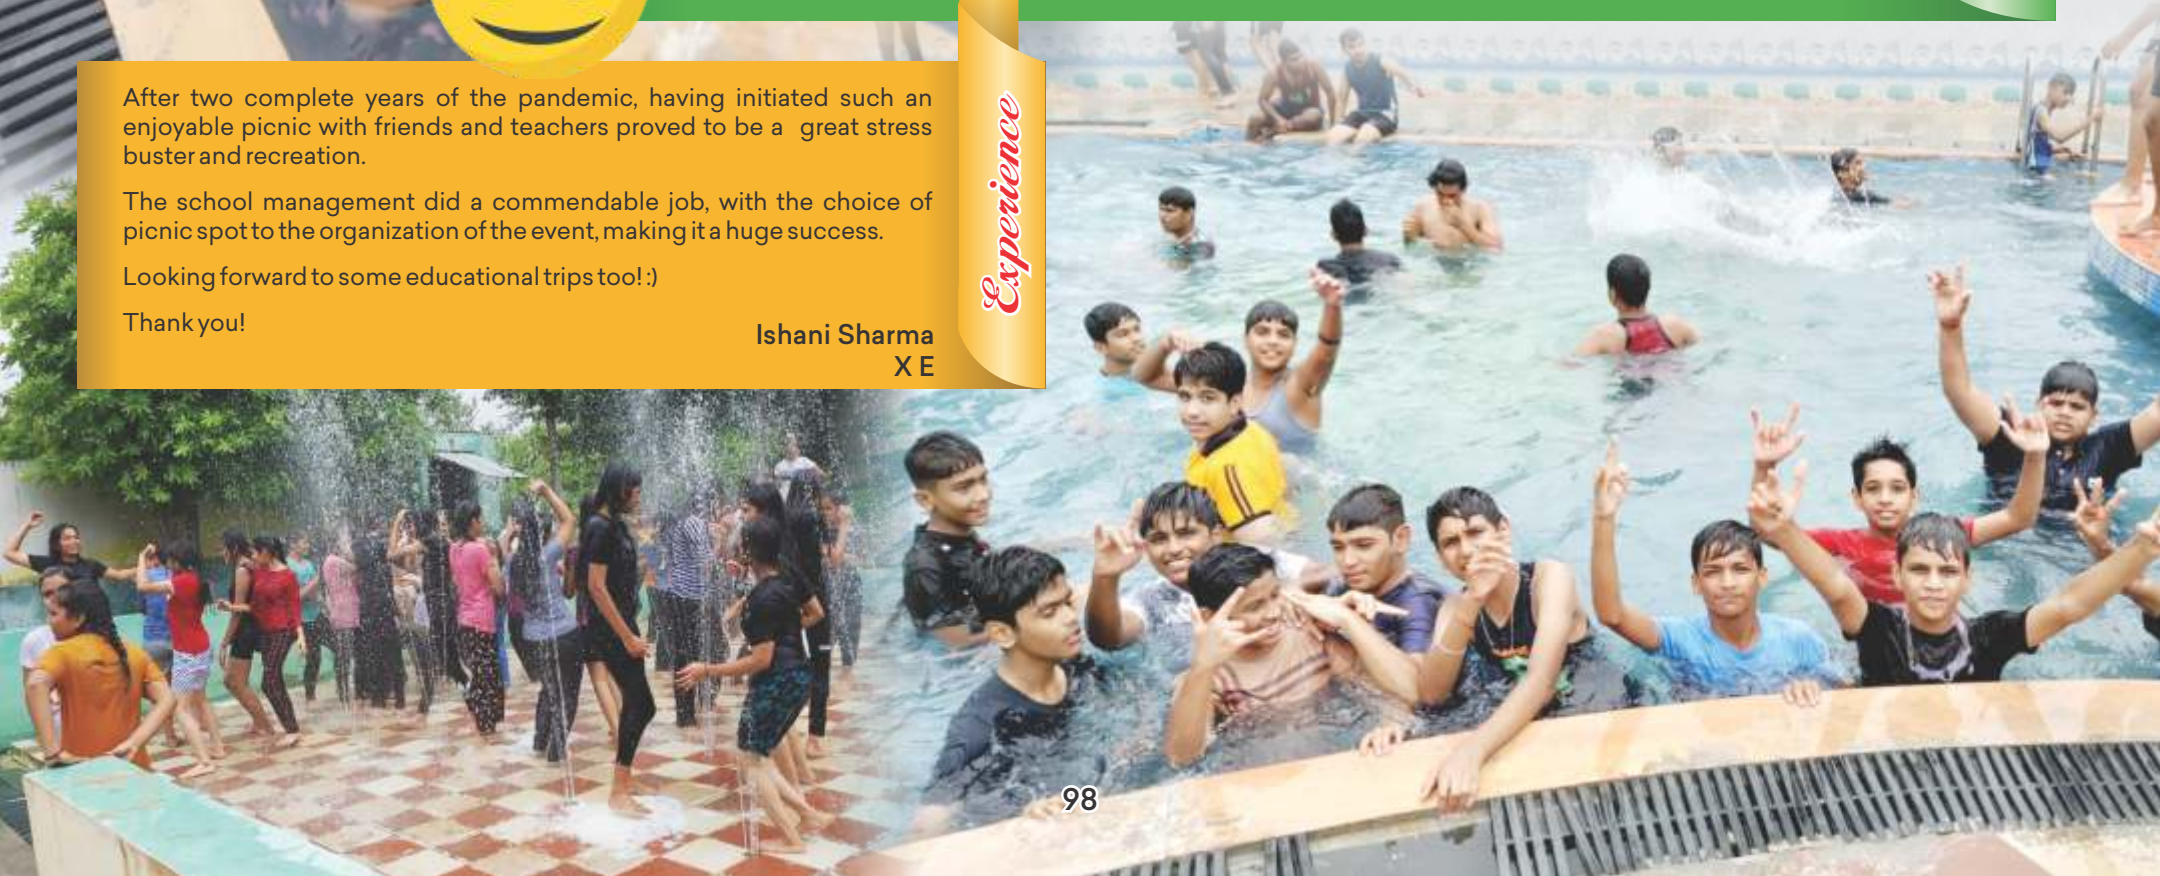

The school management did a commendable job, with the choice of picnic spot to the organization of the event, making it a huge success.

Looking forward to some educational trips too! :)

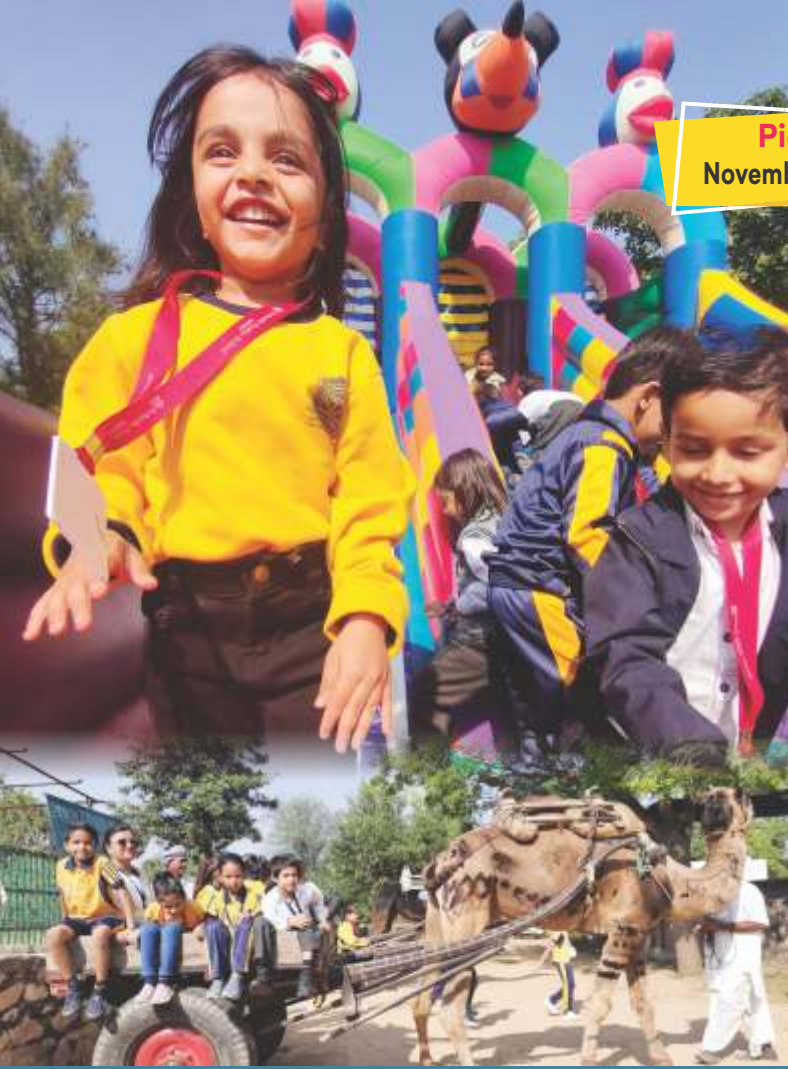

Thank you!

बाल दिवस आया, बच्चों को बहुत भाया।
सभी ने आज पिकनिक का प्रोग्राम बनाया,
झूम उठे सभी हर्ष से, खुशी का नहीं रहा ठिकाना।
जब सबने सुना हमें स्वप्नलोक है जाना,
समय से पहले ही हम सब पहुँचे स्कूल।
बैग हमारा हल्का था, मनपसंद की चीजों से भरपूर।
नाचना, गाना, उछलना, मचलना, सभी किया हमने बस में।
आ पहुँचे थे अब हम, स्वप्नलोक की दुनिया में।
कहीं राइड कही डांस की मस्ती, कहीं मैजिक शो है भाया।
कैमल कार्ट सवारी से, सबका मन हर्षाया।
डिस्को डांस थिएटर में सबने, अपना टैलेंट दिखाया।
बड़ा गजब का सीन था, जो सबको ही भाया।
चाउमीन व पाव- भाजी का, हमने भोग लगाया।
आइसक्रीम को देख-देख कर, सबका जी ललचाया।
भूल न सकेंगे इस क्षण को जीवन में,
जो आज हमने अपने टीचर्स के साथ बिताया।

Equitable and Inclusive Education

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/6)

Education is the single greatest tool for achieving social justice and equality. Inclusive and equitable education - while indeed an essential goal in its own right - is also critical to achieving an inclusive and equitable society in which every citizen has the opportunity to dream, thrive, and contribute to the nation. The education system must aim to benefit India's children so that no child loses any opportunity to learn and excel because of circumstances of birth or background.

This Policy reaffirms that bridging the social category gaps in access, participation, and learning outcomes in school education will continue to be one of the major goals of all education sector development programmes. This Chapter may be read in conjunction with Chapter 14 which discusses analogous issues of Equity and Inclusion in Higher Education.

Community Outreach

VISIT TO THE NGO RAYS – ASHA KI EK KIRAN

To impart empathy, values, sensitivity and concern for everyone, an initiative was taken by the school. Students of classes VI to IX were encouraged to participate and contribute grocery goods for the children who are suffering from chronic disease.

Students visited the organization RAYS'- Asha Ki Ek Kiran (home for the special children) and gifted grocery items to show their compassion and altruism. This small gesture of care brought a big smile on the faces of those children. It was appreciated by the Director of RAYS. The activities were conducted in a very meaningful and organized way. Great enthusiasm was shown by our students.

Students prepared cards and rakhis for our real heroes- our soldiers, to show respect, gratitude and concern for them. They also expressed their feelings in the form of message writing, poem and letters which were sent to soldiers.

Health Checkup

A 'Feel healthy' session, under the able guidance of an eminent health coach Ms. Mansi Jain was conducted, on Saturday, April 30, 2022. The session comprised of several guidelines towards losing weight, looking great and feeling healthy. All the staff members were also facilitated with a free health checkup. The session remained successful and effective as health is the optimum priority and we all know that 'A healthy mind resides in a healthy body'.

First Aid Training

A Staff Training on First Aid was conducted on September 22, 2022. The resource person, Dr. Esha Singh, HOD Emergency Medicine, Narayana Multi Speciality Hospital, enlightened the staff members about 'Basic Life Support and Emergency Care', equipping them for any unforeseen emergency conditions.

Health Talk

An interactive session on breast cancer & hormonal changes in women was conducted in Subodh Public School, Sanganer on February 23, 2023. The session was presided by two renowned Doctors – Dr. Manju Goyal (Consultant-Obstetrics & Gynaecology) & Dr. Poonam Goyal (Consultant – Radiation Oncology) from Narayana Multi-Specialty Hospital, Pratap Nagar, Jaipur.

The doctors apprised the attendees about Hormonal Changes / Imbalance, common problems of PCOS (Polycystic ovarian syndrome) and PCOD (Polycystic Ovarian Disease) and their remedies. They also threw light on the problem of breast cancer, its symptoms and prevention and advised a self-exam technique to keep a regular check of this ailment. They recommended HPV vaccine for girls of 9-12 years as a prevention for cervical cancer. They suggested that these ailments can be controlled by following a balanced diet and healthy life style under the doctor's supervision.

The session was really insightful and eye-opening.

Standard Setting and Accreditation

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/7)

The standard-setting/regulatory framework and the facilitating systems for school regulation, accreditation, and governance shall be reviewed to enable improvements on the basis of the learnings and experiences gained in the last decade. This review will aim to ensure that all students, particularly students from underprivileged and disadvantaged sections, shall have universal, free and compulsory access to high-quality and equitable schooling from early childhood care and education (age 3 onwards) through higher secondary education (i.e., until Grade 12). The overemphasis on inputs, and the mechanistic nature of their specifications – physical and infrastructural – will be changed and requirements made more responsive to realities on the ground, e.g., regarding land areas and room sizes, practicalities of playgrounds in urban areas, etc. These mandates will be adjusted and loosened, leaving suitable flexibility for each school to make its own decisions based on local needs and constraints, while ensuring safety, security, and a pleasant and productive learning space. Educational outcomes and the transparent disclosure of all financial, academic, and operational matters will be given due importance and will be incorporated suitably in the assessment of schools. This will further improve India's progress towards achieving Sustainable Development Goal 4 (SDG4) of ensuring free, equitable, and quality primary and secondary education for all children.

Skill Development

Phad Se Padh is a unique initiative of Rooftop and MSMS-II, reinforcing the principle of application-based learning which is a vision of NEP-2022. This project aims not only developing a sense of respect towards rich and vibrant folk art of our country but also at enhancing the creative skills of students to proliferate their potential.

Working on this project was an exciting journey of ideas, creativity, collaboration and coordination.

When the project was introduced, everyone was skeptical about the idea of integrating Phad painting with the learning process. But, after the orientation, it was understood that how the imagination on Phad can be made substantial.

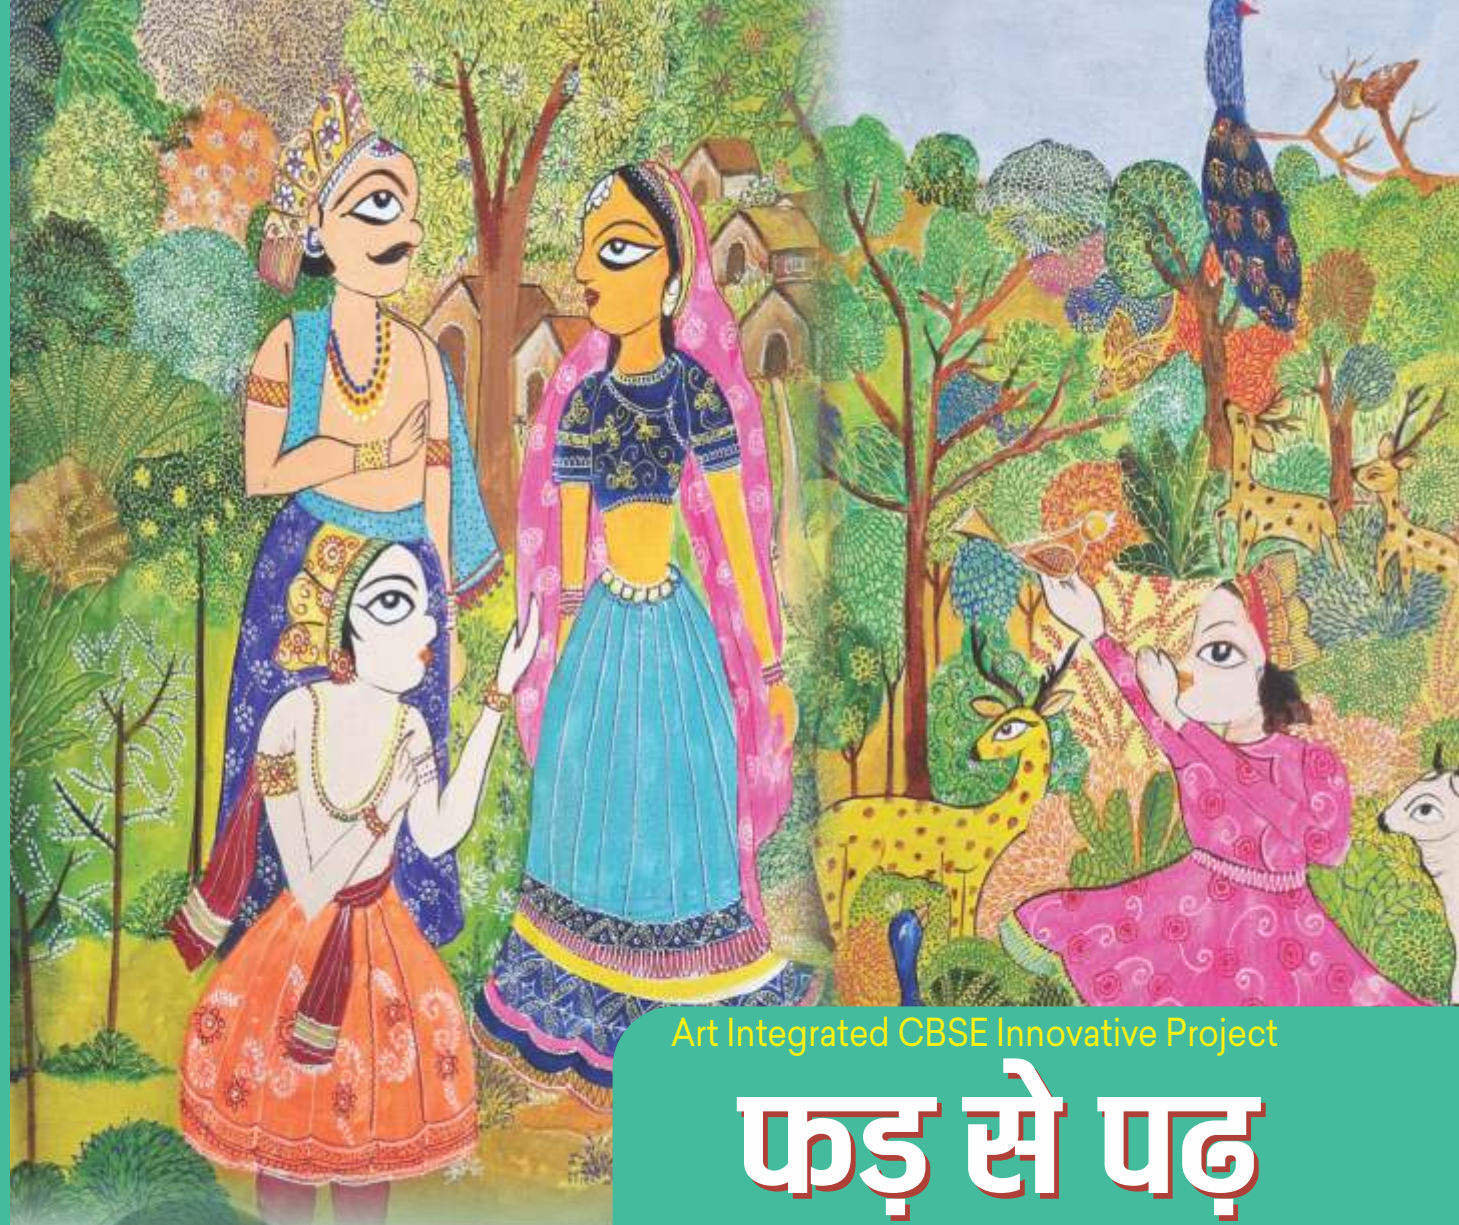

With this began the journey of exploring a novel experience full of learning and artistic enterprise. The first step was selecting the story. The Story of Tansen was chosen for this project to pay tribute to the great Indian musician. After a lot of research, the information was accumulated from different sources like books, movies and internet about Tansen's life. The story was divided into 40 blocks to be portrayed on canvas. Sketches of characters and scenes were painted by students and after some finishing touches by the art teachers, the final product came out.

There was a little confusion regarding the music configuration to be selected for transforming the story in lyrical form. Then, after we contacting the concerned team, a solution to worked upon through an online follow up session.

The Music and Dance Department of our school created a fusion of Rajasthani and Indian classical songs on the basis of the story and prepared the students to showcase the story of Tansen in the form of a ballad.

Song recording at Rajasthan Studio was also a great learning experience.

Phad se Padh encourages critical thinking, creative skills, integration of art and promotes experiential learning.

Efficient Resources and Effective Governance

(Ref. # CBSE/NEP-2020/21st Century Skills/ Part-1 School Education/8)

Every State will be encouraged to strengthen existing or establish “Bal Bhavans” where children of all ages can visit once a week (e.g., on weekends) or more often, as a special daytime boarding school, to partake in art-related, career-related, and play-related activities.

The school should be a point of celebration and honour for the whole community. The dignity of the school as an institution should be restored and important dates, such as the foundation day of the school, will be celebrated along with the community and the list of important alumni may be displayed and honoured. Furthermore, the un-utilized capacity of school infrastructure could be used to promote social, intellectual, and volunteer activities for the community and to promote social cohesion during non-teaching / schooling hours and may be used as a “Samajik Chetna Kendra”.

Investiture Ceremony

April 13, 2022

Today the School, Tomorrow the World...

Subodh Public School, Sanganer always strives to inculcate a sense of responsibility and commitment in its students to prepare them to shoulder responsibilities as leaders in future.

With this objective, the Investiture Ceremony was organised in school on Wednesday, April 13, 2022 for the Prefectorial Council 2022 – 23 on the occasion of 18th School Raising Day. School Principal Ms. Sarika Gaur, DSA Ms. Shilpi Sharma, Vice Principals Mr. Deepak Agrawal and Ms. Shalini Kapoor, pinned up the badges to the council members. Namokar Jain and Aarushi Sharma as Chief of Prefects led the elected student council members to take a pledge to work earnestly and uphold the honour and glory of the institution.

Madam Principal motivated the children to keep moving forward despite all the obstacles and challenges that life throws. She said that being a leader is a vital role and that the new student council would have ample responsibilities to shoulder. With the flags held high and heads even higher, the ceremony concluded with the National Anthem.

Imagine with all
our mind.
Believe with all
our heart.
Achieve with all
our might.

Life Skills Camp

To develop a healthy lifestyle and interest in sports, our school organised a sports camp- FUN IN THE SUN for the students to keep them engaged in sports and fitness activities during the break after final exams from March 10, 2023. A large number of students of classes III-V registered for the camp which was organised in the school campus every morning. Warm up exercises, running, games like football, badminton and kho-kho were few of the many activities that the children enjoyed.

The students were taken care of by the coaches as per their interest. The participants were given extensive guidance regarding the importance of health- physical as well as emotional.

On March 25, 2023, Pidilite organised an art and craft workshop exclusively for Class V students. The workshop was an initiative to promote creativity and innovation among students and develop their artistic skills. The feedback received from the parents confirmed that the camp was a grand success and the school is inspired to organise more such events in future.
